bit.ly/LearnLaw

As a law student, you need to understand the legal and practical issues that specifically relate to criminal conduct in the online environment. In this course you will gain a practical knowledge and understanding of legal principles and legislation that govern the use of the internet in all its forms. The lectures will enable you to deal with challenges of internet law relating to freedom of speech on the internet, legal aspects relating to defamation, hate speech, pornography, how to combat revenge porn, legal principles surrounding invasion of privacy, data protection, cybercrime, and evidence.
